

Unitarian Universalist
Church of Buffalo

Pre-K and Kindergarten

Students are introduced to Unitarian Universalist values at a developmentally appropriate level, and start to build community with each other with celebrations of different holidays and cultures.

Sundays 10:45-11:45,
beginning September 14

Spirit Play

Grades 1-3

A Unitarian Universalist program of Religious Education, evolved from a long line of Montessori-based programming, that seeks to engage children in the existential questions about life within the context of Unitarian Universalist values.

Soul Matters

Grades 4-6

This class uses stories and group activities to focus on how Unitarian Universalism is a lived faith that inspires us to act, live, and love our values out in the world.

Youth Group

Grades 9-12

Older students are encouraged to explore living into Unitarian Universalist values with each other, engaging in their own searches for what they believe is right and true, and developing leadership skills through participation in a youth-led, covenant-based environment.

Crossing Paths

Grades 7-8

This program is built around interfaith engagement with a focus on UU youth identity formation. We lift up the beauty of core pieces of other faiths, but we also weave in UU centering practices and theology along the way.
