Vision & Mission

Vision

We will gather in loving community, creating a shared vision of compassion and dignity for all, to radically transform the world in which we live.

Mission

The Unitarian Universalist Church of Buffalo is a compassionate, thoughtful, and diverse religious community that nurtures and challenges itself to deeper understanding, meaning, and purpose.

WE GATHER through worship, music, education, intersectional ministries, and service.

WE INSPIRE each other in love and mutual respect to further our individual and collective spiritual journey.

WE TRANSFORM through our combined talents, and in coalition with other progressive organizations, in service to anti-racist, anti-oppressive movements.

WE GATHER:

Provide a safe space to support and enhance a spiritually fulfilled congregation by offering creative, powerful, and diverse worship services. Celebrate our multi-generational congregation with learning, leadership, laughter, and love by celebrating fully as a congregation. Demonstrate a commitment to repair and renovate our spaces to provide a safe, accessible, nurturing, and sustainable physical space and grounds for our congregation and visitors. Promote the power of community and respect for intersectional approaches to faith so that all feel welcome to be our better selves.

WE INSPIRE:

Use the power of our music to enrich the spiritual, communal, and individual experience of all who attend our services. Grow our opportunities for leadership with training; inspire, attract, and retain a wider range of prospective members. Promote the visibility of our lifespan faith formation programs through youth and adult religious education exchanges. Become known as a community hub to support the cultural richness of Western New York, to attract and retain a wider range of prospective members.

WE TRANSFORM:

Strengthen our connections to other congregations in a safe space to foster a bold change in our lives and lay the foundation for action. Create a congregation of faith, love, and trust that shows up, supports, and encourages families, and across all communities in a spiritual setting. Use the history of our church to approach community and social justice action together as an ENTIRE congregation to focus our energy on health of our church, our community, and our world. Provide responsive ministries to care for our own community as well as our surrounding communities in need.

Minister's Report

It has been a true honor to serve as your minister for the past few months. My family and I will always be grateful for the warm welcome you have given us, living into your identity as the City of Good Neighbors. We are loving life in Buffalo, and we even started following the Bills! The fact that we now watch football, much less any sport, is a shock to our friends and family.

I began, as I hope to continue with you all. By meeting 1:1 (or sometimes 1:2) with members and friends of UUCB. I have met 75 of you so far! It was a joy to learn about your lives and your histories in this congregation. I also spoke with four of your former ministers whose reflections enriched my understanding of the congregation's history. All members who haven't yet had a chance to meet with me are invited to contact me to find a time to meet before the end of the church year in June.

In addition to learning about you, I also began to have a deeper understanding of UUCB's strengths and challenges. I see you as a spiritually mature congregation. You are more comfortable with Christian language and metaphor than many UU congregations. I also hear you being emotionally tuned-in and organizationally invested. The nuance and insightfulness you have about past challenges and conflicts, as well as prior ministries, were impressive. There is a broad commitment to the congregation and its future, and also a growing sense that the future might need to be different to weather the trends around congregational life in the 21st century. You have many excellent church leaders of different ages and experiences, and you have the capacity to continue this with some added attention to community building and leadership development.

At the same time, I feel and see some present challenges. We are grappling with how best to stay in covenant with each other. We still need tools to hold one another accountable (with love) for behaviors that fall beyond our covenant. We still need to work on going directly to people we are in conflict with and working through that conflict constructively. I will continue working closely with the Respectful Relations Team to address these issues in the coming year.

I also learned that both our Membership and our Pastoral Care ministries could use some attention and fortification. We have some good and solid leaders in both areas, and there is a collective desire for additional support and vision. Unitarian Universalist values call us to approach visitors and new members with a spirit of radical welcome, and also to extend compassion and care to our current members. These are two other areas I plan to focus some of my time on in the coming year.

(Continued on next page)

Minister's Report Continued

I am lucky to work with amazing staff here at UUCB! To strengthen our team and help us work together better, I initiated a meeting of the staff who work 20+ hours per week. We meet monthly to check-in about our personal lives and work together, and also share our gratitude for each other and for you all. We wrote a covenant this fall to provide a framework for how we will work together. We prioritize time for collective learning on our agenda each month. I also meet with the staff I supervise weekly or bi-weekly, depending on the staff person. I am working with the Board of Trustees to recruit a Personnel Committee who can support our staff and me by staying informed about and providing guidance on personnel policies, benefits, and compensation best practices, and more.

This fall, I have also had a lot of fun with the Worship Associates, Music Staff, and Music Ministry Team as we have navigated planning worship together. There is a broad strength of worship leadership across this congregation that I am grateful for.

And I would be remiss not to mention the Capital Campaign Team and Fixed Assets Advisory Committee, who have been working hard this fall to oversee and manage the capital projects funded through the Sacred Places grant. Bravo, folks!! And thank you to all who pledged and donated to the campaign. After the grant-funded projects are done, leaders will have a chance to imagine what else we want to do to improve our beautiful facilities. A strong foundation and building will serve our community well for years to come!

This winter and spring, as I continue to learn about UUCB, I plan to reach out to local UU and interfaith colleagues as well as secular leaders in justice spaces. The need for Unitarian Universalist values in Buffalo, New York, and the United States is so great! I am grateful to have such great partners for the work ahead at UUCB, and for our work out in the world!

In love and faith,

Rev. Bethany

Fun & Fellowship Auction

Title: 2025 Fun & Fellowship Auction Annual Report to the Congregation ++

Chair (s): Andrea Burke-Harris, Juli Van Woert ++

Members: Tom Muka, John Petrocelli ++

Meetings: Frequent informal meetings. Zoom, email and phone communication as necessary. ++

++

Overview of committee's purpose:

The auction contributes to membership engagement/enjoyment, church vitality, and fundraising. We believe that the ability to participate in dinners, concerts, and nature walks and to enjoy homemade baked goods, honey, and crafts helped participants connect with each other and to the church.

Living our Mission:

The Auction took place in April 2025. The auction continued as a hybrid online/ in-person format. This format has proven to be efficient and effective, but we have also identified ways in which this platform needs adaptation specific for our interests. We are working on rectifying these issues. Positives include our ability to present a catalog with photos and graphics that enhanced the “shopping” experience. We have been able to access timely information regarding bidding and purchases, and the “front page” provided an immediate status of nearness to our goal. Online bidding was embraced by many, with fewer who were challenged by this technology. Increases were noted in the number of donors, auction items, number of registered bidders, in-person participants, and possible winning bids

Accomplishments for 2025:

- To date, the auction has raised nearly \$22,000, over 109% of our goal (2024 \$21,032 – over 150% of our goal, 2023 \$11,000, 2021 \$5,910).
- 60 donors offered 96 items for bid, with several items designed for more than a single winner. Of these donors, 16 were new.
- 97 individuals registered as bidders.
- Over 340 winning bids have been placed so far.
- As noted above, our efforts also helped to raise spirits and contribute to membership engagement as we continued to recover emerge from the pandemic.

Goals for 2026:

The team continues to consider the ways in which 32Auctions can be better adapted for the unique needs and culture of UUCB, with the intention of the 2026 auction experience being even more satisfying, efficient, and effective. We will continue a hybrid format, anticipating increased revenue as congregants become more adept at online bidding. An increased opportunity for in-person bidding will also improve the vitality and fundraising capability of the auction.

Board of Trustees

Title: 2025 Board of Trustees Annual Report to the Congregation ++

Chair (s): Chris Slocum ++

Members: Susan Mann Dolce (vice president), Paul Zanolli (Treasurer), Bill Parke (Secretary),
Ken Mernitz, Brian Ronan, Renee Geraci ++

Meetings: Third Wednesday of the Month at 7:00PM ++

Overview of committee's purpose:

We are doing our best to make choices that are aligned with Unitarian Universalist values, that advance UUCB's mission, and behave in accordance to our covenant.

Living our Mission:

We are doing our best to make choices that are aligned with Unitarian Universalist values, that advance UUCB's mission, and behave in accordance to our covenant.

Accomplishments for 2025:

As Unitarian Universalists, we are well aware that we do not do church alone. The accomplishments of the past year reflect collaboration with strong, committed advisory committees who similarly have been making choices and devoting their labor out of love for this church. This congregation called Rev. Bethany, thanks to the ministerial search committee. Our building is in significantly better condition than it was in 2024, courtesy of the Capital Campaign committee and Fixed Assets. As such, many of the Boards' most notable accomplishments were in the realm of process. The Board is currently piloting a different model of communication with its committees as the oversight committee sunsetted this year. We are using a liaison model, where each board member builds a relationship with a committee and serves as the main conduit of communication. Should this prove effective (and so far, so good!) we will modify our policy documents with the assistance of the Governance committee to reflect the procedure. The Board added two members mid-year – Brian Ronan to fill a vacancy left from the winter meeting, and Renee Geraci to fill the vacancy created by Kate Bell-Schwede's passing. Both will be up for formal vote in the winter meeting. The Board made Juneteenth a church holiday for the staff. The Board worked with the Finance Committee and staff to approve a new HR/bookkeeping platform for the church. As such, we are continuing to work with Rev. Bethany on ideas for improved effectiveness of the church's operations. The rest of the Board's accomplishments include fulfillment of the usual duties such as monitoring the financial health of the organization. In addition, the Board has worked with the Capital Campaign and Endowment to ensure a process for the repayment of the 2019 loans from the Endowment towards the Capital Campaign.

Goals for 2026:

The goal for 2026 is the same goal of other years: continuing to build on the excellent work of the previous years. The new board will be elected at the February 1, 2026 meeting and will discern its next steps. This will include steps to ensure financial sustainability moving forwards, through finding other ways we can leverage our assets to serve the community. In addition, the Board will be working closely with the wisdom and expertise of both Fixed Assets and the Capital Campaign to discern the next repair projects for the church with the remaining funds.

Capital Campaign

Title: 2025 Capital Campaign Annual Report to the Congregation

++

Chair (s): Bridget Evans/Phil Nicolai, co-chairs

++

Members: Jane Armbruster, Martha Malkiewicz, Molly Quackenbush, Ken Mernitz (board liaison)

++

Meetings: Every 3 weeks or so Wednesdays at noon in the Alliance room

++

Overview of committee's purpose:

To plan, activate, and oversee a Capital Campaign approved by the Board and congregation in January 2024 after receiving a \$250,000 matching grant from the prestigious National Fund for Sacred Places in October 2023. Funds are being used to address necessary safety, accessibility, repair, and upgrades to our church. Having reached the Campaign goal of \$1.5M, the Committee is ending active fund solicitation on 12/31/2025. It will continue to monitor pledge payments in 2026 and 2027 and support the Board and Fixed Assets Committee, as requested.

Living our Mission:

Through the projects that the Capital Campaign has made possible, the Committee sees its work as restoring and repairing our historic church home so it can continue to serve as a safe, accessible, and inspiring gathering place for all UUCB and community-wide activities for many years to come. The Committee's work has been carried out with love and respect in relationships with the Board, Fixed Assets Committee, other committees, the minister, the staff, and the entire UUCB membership.

Accomplishments for 2025:

- We applied for grants from the Wendt Foundation, M&T Bank Foundation, NY Landmarks Conservancy, and the Baird Foundation.
- Presented our progress at the Feb. Congregational meeting.
- Met with our Brittany Lane neighbors to include them in our process
- Received and met a private matching grant of \$9,000 for the restoration of the stained glass windows.

- Continued to receive pledge payments from our generous congregation.

Title: 2025 Care for People Advisory Task Force Annual Report to the Congregation + +

Chair (s): Bill Parke + +

Members: Jess Pond, Jim Sheibley, Peter Sloan, Richard Leimbach, Stepahnie Adams, Steve Wixson, Thaddeus Bienik, Ken Mernitz + +

with representation consistent with the commitment in Section 4.3.3 "Safe Congregation" of the Policy Book. The Task Force's tenure subsequently extended to year-end 2025.

Living our Mission:

The Task Force recognizes that our new Covenant inspires us to treat each other with compassion and respect. As part of that compassion and respect, we take action to maintain a safe environment at our church.

- On November 15, 2025, representatives of the task force presented an in-house training program concept for consideration at the Worship Associates meeting focused on the following curriculum, with Worship Associates being the first public-facing committee/team in the church to receive the training in early 2026: (1) The Power of Hello, (2) De-Escalation, and (3) You Are the Help Until Help Arrives.

Goals for 2026:

- Finalize the in-house training curriculum
- Hold the training with Worship Associates, and expand it to other public-facing committees/teams/staff in the church.

Endowment Advisory Committee

Title: 2025 Endowment Advisory Committee Annual Report to the Congregation

Chair (s): Chuck Battaglia, Chairperson

++

Members: Don Behr, Joel Cohen, Gerry Evans, Kathy Kubala, John Yates, Paul Zanolli

++

Meetings: Committee meetings are held monthly on at 4 pm on the second Wednesday of each month. The meetings are virtual via zoom.

++

++

Overview of committee's purpose:

The overall purpose of the Endowment Advisory Committee is to take responsibility for advising the Board of Trustees concerning stewardship of the church's endowment fund. This work includes developing and managing a Legacy Giving program so that the church's endowment funds grow steadily in value, maintaining a list of donors and advising the Board of major gifts, recommending criteria for the long-term management of the church's endowment funds, assuming responsibility for fulfilling endowment-related mandates described throughout the policy book, and recommending endowment-related policies to the Board for its consideration.

Living our Mission:

The Endowment Committee advances the mission of UUCB by being a responsible steward of the UUCB endowment to ensure that its resources are available to provide a safe and accessible space for church services and activities, and to fund social justice activities for our church, our community and the world. By providing accessible information, inviting members to sign a Declaration of Intent form and actively stewarding the prospective donors, the Committee encourages any and everyone to make a sustaining endowment gift. The majority of the church endowment assets are invested in the Unitarian Universalist Common Endowment Fund (UUCEF), which supports socially responsible investing and ensures management by firms that apply environmental, social and governance criteria. By joining other investors in this fund, it allows UUCB to have more impact on corporate behavior, to encourage companies to adopt policies consistent with UU values, and to support minority owned businesses.

Accomplishments for 2025:

NBT Bank and UUCEF signature forms updated; Chuck Battaglia attended the February Board of Trustees meeting to clarify the role of EAC; Poster in the Parish Hall acknowledging congregants who have signed a Declaration of Intent (DOI) was updated with Ronald Houk. Three new DOIs were filed in 2025; Heritage Society Plaque was updated with Don Shedd and Nancy Thomas; Valentine's Day cards were sent to current DOI members; On March 2nd, EAC held an information session on legacy giving options; Representatives from EAC attended the May UUCB Board of Trustees meeting and discussed the two outstanding loans from the endowment in 2019. EAC presented its recommendations for repayment of the loans. To date, the \$60K loan was repaid, including interest at 2%. Meetings: Tuesdays at 10am weekly during the growing season

++

Overview of committee's purpose:

We try to make sure that there is something beautiful happening in all 4 seasons of the garden. We keep the hedge trimmed and the beds as weed-free as can be managed. We feed and maintain the compost pile, turning and shredding the yard waste to create beautiful, rich compost for our garden. We plant and maintain the planters around the church. We work weekly to stay on top of the constant chores that happen in every garden. We do all this because working in a garden is restorative and pleasant, and rewarding! This service is made more meaningful as we observe neighbors and church members enjoying the blooms, the scents, and the form of our church garden.

Living our Mission:

The Gardening Committee coaxes year-round beauty from our extensively planted perennial garden. This garden is planted and maintained not only for our congregation, but it is also enjoyed by our neighbors and anyone who traverses the path created expressly to share its beauty. The Gardening Committee is also committed to using ecologically friendly methods of weed control (hand pulling) and composting our yard waste and planting natives as much as we can. We show respect for the health of our community and our planet.

Accomplishments for 2025:

- Again this year, we received a grant from the Marvin Lunenfeld Foundation (\$700).
- We removed overgrown hedges to allow access for our Capital Campaign projects for cleaning the limestone building and stained glass window repair.
- These capital projects did limit our access to various spaces in the gardens, but we found a way to work around them (mostly).
- We fenced in an oakleaf hydrangea that proved to be a favorite with the local bunnies.
- We planted more joe pyeweed, vervain, and meadow rue in our wild and sunniest bed on the east side of our building. We replaced some penstemon in the Elmwood bed and added some donated iris and euphorbia.

Goals for 2026:

We are hoping to replace our 20 year old sprinkler system next year and that will take some planning alongside the underground electrical work for the bollards going in along the pathway. We will continue to weed and prune and add new native plants. We will also apply once again for the Marvin Lunenfeld grant.

Facilitated two well-received board orientations. First, in April, after the election of new board members. Again in October, when the new minister arrived, the open board seats had been filled. Responded to several requests from the board to clarify and reinforce existing policies. As part of this work, we helped the board understand the difference between policies and procedures. Addressed rental and space use by facilitating the development of procedures to protect the church from potential financial liability. Throughout, we considered the needs of the diverse population that is our congregation.

Goals for 2026:

Facilitate improving communication between the board and invested entities (minister, advisory committees, and congregation). Promote consistent and efficient congregational meetings so that the members can engage mindfully and joyfully. Reinforce the use of existing policies as a tool in guiding decision making. Overview of committee's purpose:

The Social Justice Ministry team provides leadership on congregational social justice activities and the Share the Plate program, whereby half of the unrestricted plate collection is given to a local not-for-profit. The SJ team vets and selects Share organizations, which are often suggested by congregants, then contacts the organizations and arranges for a representative to speak at UUCB. In addition, the SJ Ministry team also coordinates activities that benefit community organizations and get congregation members involved and engaged in service and learning. We ask all Share the Plate organizations if there are other things we can do to help the organization, such as service projects or collecting items.

Living our Mission:

Social Justice Ministry involves GATHERING in service, INSPIRING ONE ANOTHER as we work together in this service to TRANSFORM the community for the better. Our ministry team coordinates monthly fundraising for community organizations (Share the Plate) as well as an array of participatory social justice activities.

Other activities included: collecting clothing for and serving a meal at FONP, collecting school supplies for International Institute, participating as a group in the Spring Waterkeepers clean-up, touring Providence Farm Collective, postcarding in support of detainees at Batavia, and providing Christmas gifts for children served by the Felician Community Services.

- Make the link to that form more conspicuous.
- Explore a lifetime member status for those who should remain part of our congregation, but for whom age and infirmity has made pledging or even contact about pledging difficult or stressful.
- Reframe pledging and Stewardship from a single yearly event into a rolling, ongoing process, i.e., normalize giving as just a part of congregational life.
- Encourage more monthly giving.
